Groom Creek Water Delivery System Upgrade Project

Dear Commissioner Mayes:

As a member of the Groom Creek Water Users Association I am in favor of the project and have no objection to the new base rate of \$50 per month. I understand that this rate is necessary in order to secure the funding to install a new system.

Thank you for your support.

as a part time resident in Groom Creek (probably less than 60 days a year) I do believe the base rate should include some minimum amount of water. The current base rate does include some minimum water usage, & many of us who are only part timers do not use more than the minimum. We definitely need the rate increase to do the current project & provide for orderly maintenance in the future, but the expenses should be born pro rata based upon usage. Therefore I support the increase in base rate even to \$50 in one jump, but it should continue to cover a minimum amount of water usage.
